Vayyakhel

Moshe Rabbeinu exhorts Bnei Yisrael to keep Shabbat, and requests donations for the materials for making the Mishkan. He collects gold, silver, precious stones, skins and yarn, as well as incense and olive oil for the menorah and for anointing. The princes of each tribe bring the precious stones for the Kohen Gadol's breastplate and ephod. G-d appoints Bezalel and Oholiav as the master craftsmen. Bnei Yisrael contribute so much that Moshe begins to refuse donations. Special curtains with two different covers were designed for the Mishkan's roof and door. Gold-covered boards in silver bases were connected, forming the Mishkan's walls. Bezalel made the Holy Ark (which contained the Tablets) from wood covered with gold. On the Ark's cover were two figures facing each other. The menorah and the table with the showbreads were also of gold. Two altars were made: a small incense altar of wood overlaid with gold, and a larger altar for sacrifices made of wood covered with copper.

Pekudey

Book of Shmot concludes with this Parsha. After finishing all the different parts, vessels and garments used in the Mishkan, Moshe gives a complete accounting and enumeration of all the contributions and of the various clothing and vessels which had been fashioned. Bnei Yisrael bring everything to Moshe. He inspects the handiwork and notes that everything was made according to G-d's specifications. Moshe blesses the people. G-d speaks to Moshe and tells him that the Mishkan should be set up on the first day of the first month, i.e. Nissan. He also tells Moshe the order of assembly for the Mishkan and its vessels. Moshe does everything in the prescribed manner. When the Mishkan is finally complete with every vessel in its place, a cloud descends upon it, indicating that G-d's glory was resting there. Whenever the cloud moved away from the Mishkan, Bnei Yisrael would follow it. At night the cloud was replaced by a pillar of fire.

Shabbat HaChodesh

Shabbat HaChodesh ("Sabbath [of the] month") takes place on the Shabbat preceding the first of the Hebrew month of Nisan, during which Passover is celebrated. Exodus 12:1-20 (from Parasha Bo) and the laws of Passover. On the first day of Nisan, God presented the first commandment of how to "sanctify the new moon" (kiddush hachodesh) for the onset of Rosh Chodesh and thus Nisan becomes the first month of the Jewish year (counting by months).

Joke:

An archaeologist was digging in the Negev Desert in Israel and came upon a casket containing a mummy. After examining it, he called the curator of a prestigious natural history museum. "I've just discovered a 3,000 year old mummy of a man who died of heart failure!" the excited scientist exclaimed.

To which the curator replied, "Bring him in. We'll check it out."

A week later, the amazed curator called the archaeologist. "You were right about the mummy's age and cause of death. How in the world did you know?"

"Easy. There was a piece of paper in his hand that said, '10,000 Shekels on Goliath'."
